I recently did an 8 week mindfulness course with a psychotherapist and picked this book up towards the end and then used this book to guide me through another 8 weeks. I basically redid those 8 weeks to re-enforce what I learned from therapy. It follows extremely closely the 8 weeks of formal therapy, so if NHS waiting lists are preventing you from getting some formal help, then this book is an excellent starting point. It assumes no prior knowledge of mindfulness.

An 8-week old puppy can indeed sleep through the night, but considering this stage, they might wake up several times to go for potty. Generally speaking, 8 weeks old puppies sleep an average of 18-20 hours per day, out of which 14-16 happen during the night. Therefore, the puppy will indeed be in a deep sleep until Mother Nature calls.

8 Week Old Puppy. For most puppies, this is the first week in their new home. Potty training is now underway and puppy socialization plans are being made. Most puppies go to their new homes at 8 weeks old. If your 8 week old puppy didn't have his first vaccination before you collected him you need to arrange this in the first day or two. It's a good idea to get him checked over by your vet in any case.
