You can search category or keyword to quickly sift through the free Kindle books that are available. Finds a free Kindle book you're interested in through categories like horror, fiction, cookbooks, young adult, and several others.

Borders A Very Short Introduction

Compelling and accessible, this Very Short Introduction challenges the perception of borders as passive lines on a map, revealing them instead to be integral forces in the economic, social, political, and environmental processes that shape our lives. Highlighting the historical development and continued relevance of borders, Alexander Diener and Joshua Hagen offer a powerful counterpoint to the idea of an imminent borderless world, underscoring the impact borders have on a range of issues ...

Borders: A Very Short Introduction - free PDF, DOC, RTF, TXT

We hear constantly of controversies concerning the political, cultural, and economic borders of the world. Borders are central features in current international disputes relating to security, migration, trade, and natural resources. They also factor in debates about land use and property rights. 'A very bordered world' analyses why we have borders and considers the need for the study of ...

1. A very bordered world - Very Short Introductions

Despite the short length, "Borders" is a fairly thorough examination of the interesting topic of borders through ancient times up to modern times. My main quarrel with this short introduction is that it lacks wit, charm, or whatever you wish to call it. It was dry as dust or matzah, which ever you would prefer.

Amazon.com: Customer reviews: Borders: A Very Short ...

This scholarly work is a fascinating introduction to our human tendency to establish borders of all types: physical, social, geo-political, religious, healthcare, and natural. The terminology throughout is so specific as to seem surgically correct; each sentence appears as a gem of truth.

Borders : a very short introduction in SearchWorks catalog

Take the very short story "The Field" (1988) by the Pashto writer Sher Zaman Taizi (1931–2009) as an example. In only three sentences, Taizi manages to develop an equation which says much more about the roots of today's crisis than many books on Afghanistan do.
