This information may relate to objects, subjects, activities, phenomena, or regions of space.

AN INTRODUCTION TO BUSINESS STATISTICS

In 2010, Statistics Canada launched the Integrated Business Statistics Program (IBSP) to provide a more efficient model for producing economic statistics. The main objective was to enhance the economic statistics program so that it remains as robust and flexible as possible while reducing the burden on business respondents.

The Integrated Business Statistics Program

The January 2019 edition includes data on the number of businesses in Canada, job creation, firm births and deaths, the share of high-growth firms, firm financing, the number of firms that innovate and export, the small businesses contribution to each province's gross domestic product as well as on business owner characteristics.
