Carlin Soskice Macroeconomics

Carlin and Soskice do the profession a great service by writing a textbook that makes these developments accessible to undergraduates. The book presents macroeconomics at its best - as a useful framework for analyzing important questions." Peter Howitt, Lyn Crost Professor of Social Sciences, Brown University

Macroeconomics: Imperfections, Institutions and Policies ...

"The Carlin and Soskice book does a wonderful job of covering the economics behind macroeconomics and the financial system, alongside presenting the latest research on this and the drivers of the great recession. It also has an impressive array of data and examples woven in with theory explained in a beautifully intuitive way.

Macroeconomics: Institutions, Instability, and the ...

Description The distinctive feature of this book is that it provides a unified framework for the analysis of short- and medium-run macroeconomics. This gives students a model that they can use themselves to understand a wide range of real-world macroeconomic behavior and policy issues.
