2005

The automobile industry is evolving rapidly on a worldwide basis.

Manufacturers are merging, component design and manufacture are now frequently outsourced instead of being created in-house, brands are changing and the giant auto makers are expanding deeper into providing financial services to car buyers. The skyrocketing price of gas spurs developments in hybrid technology and clean diesel, as manufacturers look for ways to improve fuel

efficiency. Meanwhile, all of the biggest, most successful firms have become totally global in nature. Plunkett's Automobile Industry Almanac will be your complete guide to this immense, fascinating industry. On the car dealership side, giant, nationwide holding companies have acquired the best dealers in major markets. Even the used car business is being taken over by national chains. E-commerce is having profound effects on the car industry. Consumers use the Internet to become better informed before making a purchase. Online sites like Autobytel
