The integration of accounting and the economics of information developed by Joel S. Demski and those he inspired has revolutionized accounting thought. This volume collects papers on accounting theory in honor of Professor Demski. The book also contains an extensive review of Professor Demski's own contributions to the theory of accounting over the past four decades.

Close the gap between homework and exam performance with Warren/Reeve/Duchac's FINANCIAL ACCOUNTING 14E! Market-leading FINANCIAL ACCOUNTING has been on the forefront of innovation and change based on the needs of today's teaching and learning environment. Warren/Reeve/Duchac's FINANCIAL ACCOUNTING 14e helps elevate student thinking with content that addresses each stage of the learning process from motivation to mastery. It motivates students to learn, provides practice opportunities to better prepare for exams, and helps students achieve mastery with tools to help them make connections and see the big picture. The Complete Learning System in FINANCIAL ACCOUNTING is built around the way students use textbooks to learn, study and complete homework, allowing them to achieve ultimate success in this course. The most significant changes for this edition involve the inclusion of the new revenue recognition standard. The end goal of Warren/Reeve/Duchac's FINANCIAL ACCOUNTING learning system is to elevate thinking and create more empowered and prepared students--ready to take on the rest of their educational and career goals. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This book is designed as per Financial Accounting and Advanced Financial Accounting, B.Com Semester I & II, curriculum of various universities of Tamil Nadu. Written with a student friendly approach, it is organised to provide the readers with adequate knowledge on the basics of Financial Accounting. It aims at imparting accounting concepts in a simplified manner, thorough understanding to an average learner. Each chapter is supported with numerous illustrations to help students acquire in-depth knowledge of the concepts; and review questions for easy recap. Additional exercise problems ranging from simple to complex are listed for enhancing earning skills and problem-solving capabilities.

This new edition of Accounting Ethics has been comprehensively updated to deal with the significant changes within the accounting profession since 2002; the authors systematically explore the new range of ethical issues that have arisen as a result of recent developments, including the financial crisis of 2008.
