This book is designed to offer a comprehensive beginning course in the technique of the north Indian keyless bamboo flute. Included are detailed explanations of the fundamentals of a number of essential topics in Hindustani music. These include the scalar system; the concept of raga; microtonalism; the system of teaching and learning; cyclical meter, and others.The included audio CD demonstrates all the notated examples and lessons included in the book, and also includes a full performance by Mr. Leifer of Raga Yamen, one of the ragas taught in the book.This manual will prove especially useful to players seeking to broaden their viewpoint and range of expression on the transverse flute ? an instrument which, in various forms, is played all over the world. Other students of Indian music may also find it useful for the compendious nature of the basic information offered on the music's performance.Lyon Leifer began studying Indian music and bansuri in 1965, after obtaining a degree in flute from the Juilliard School and holding the second flute chair in the St. Louis Symphony. In addition to Devendra Murdeshwar, his flute teachers have included Julius Baker, Walfrid Kujala and Emil Eck. Mr. Leifer resides in the Chicago area where he is an active performer and teacher of both Western and Indian classical music. Appearances have taken him to venues ranging from New York's Lincoln Center to the hall of the Shanghai Symphony, with appearances in any number of places in-between. His performances of raga music on the bansuri have been particularly welcomed by Indian audiences and press.
