from the trailblazers in data-based education reform. Over a period of several years, Amanda Datnow and Vicki Park visited public schools with a reputation for being ahead of the pack in data-driven decision making. The results of this pioneering study reveal how education leaders can make data work for

Download Ebook Driven

students and teachers, rather than against them. This book is an essential guide to meeting the challenges of high-stakes accountability, building performance-based schools, and improving student outcomes. By following the advice in this book, you'll be able to transform data overload into a data-positive school culture.

Download Ebook Driven

You will learn the difference between data-driven leadership and data-informed leadership, and how to use distributed leadership to inspire collaboration and guided analysis. Incorporating narrative reflections drawn from real educators and administrators, the authors refine their
