Accidentally Wolf For veterinarian Cora Welch, being bitten by a young injured wolf wasn't the best day of her life, nor the raging fever that followed. However, finding herself faced with a naked man proved even more than she had ever bargained for. Zayn couldn't believe what his inner wolf was telling him when he first saw the human doctor Cora, standing in nothing but a towel. The last thing he wanted was a mate, especially an accidental one. And at a time when danger seemed to be coming at the Mystic Pack from an unknown source, it just wasn't in his plans. All he had to do was get Cora through the fever, keep her safe from the other pack, and keep his fangs to himself. But nobody told him he'd have to fight a mating urge so strong within himself, that it was a losing battle. Now, he has to explain to Cora that he accidentally marked her for a second time, making her just like him. Cora knew something was not right in her world the moment she wanted to climb her rescuer like a tree. Hearing Zayn tell her she was now a werewolf, like him and his pack, she realized she now had a home. If her new mate still wanted her after he heard about her family, Cora knew she'd be happy to be an accidental wolf. His Perfect Wolf Niall Malik is alpha of the Mystic Wolves. His life revolved around protecting his pack and son. He planned to do this alone until finding an injured woman who stirred more than just his lust. When Alaina Strop woke in the tattooed arms of a strange wolf shifter, all she could think of was getting closer. Having no memory was a small thing compared to the feelings she had for the growling man. Before she could give her mind and body to him, she needed to find out who she was, and be sure she didn't belong to another. Though deep in her soul, she knew she was Niall's. Danger came to Mystic as Alaina's memory returned and her father came to claim her for another wolf. But Niall, the big bad alpha, had found his perfect wolf, and wasn't about to let her go, no matter the cost.

touched can complete the warriors who fight to protect the world from the creatures that go bump in the night. DARK EMBRACE Jennaveve, the Fey chosen by the Goddess to be the queen of her people for the past few millennium, is tired and wishes for a break, but hadn't counted on being reduced to almost mortal thanks to a dark stranger. They say you should be careful what you wish for. The last time she'd taken a break, her Fey had left their realm, resulting in shifters on Earth known as the Mystic and Iron Wolves and even more she was still searching for. Damien and Lucas Cordell knew they'd share a Hearts Love when the time came. As the twin sons of the Vampire King who'd mated a shifter, they were the first of their kind. When they'd thought their mate was finally within their reach and was a shifter like their mother only to realize she wasn't theirs, they'd almost lost their lives to the alpha of the Iron Wolves, Kellen Styles. Instead, the error led them to the being that was...the Fey Queen Jennaveve. Only she was even more elusive than the wind. Time and patience was something Damien and Lucas had in spades, until the female they'd already laid claim to, even if she hadn't accepted them yet, was taken by an enemy. Saving Jenna became their one and only focus. As time and realms slip between them, their fear for her had them forgetting about patience and made claiming Jenna as their Hearts Love, hoping she accepted their Dark Embrace. Will the Cordell Twins be able to rescue Jenna from the evil who has taken her? Will Jenna get her powers back? Who is the dark presence and how will they defeat a being who is strong enough to bring the Fey Queen down to her knees?
