Life Mastery Box: Master Your Morning Routine ...

The first step to becoming the master of your life is changing your mindset and attitude towards your life. No longer are you going to react to what your environment and surrounding is giving you. Instead, you do what you want and live with purpose. Proactive behavior is all about planning and taking action on your plans.

Stress is a normal part of life. The body's stress responses are your first line of defense in life-threatening situations, and many of the effects of stress—such as increased alertness, resiliency, and adaptation—are positive and have allowed our species to survive and evolve over time. However, prolonged stress is another story.
