Very small buildings have a special appeal. The constraints of space and cost can actually liberate the imagination. This book includes projects which consist of no more than a few key spaces, in many cases just a single space. It also features 53 case studies.

Authored by some of the most preeminent Renaissance scholars active today, this volume's essays give fresh and illuminating analyses of important aspects of Renaissance humanism, including its origin, connection to the papal court and medieval traditions, classical learning, religious and literary dimensions, and its dramatis personae.

"That's how it is for us servants. No one pays you much heed; mostly you're invisible as furniture. Yet you overhear a conversation here, and add a little gossip there. Then you find something, something you should not have found." Irrepressible Bidy Leigh, under-cook at forbidding Mawton Hall, only wants to marry her childhood sweetheart and set up her own tavern. But when her elderly master marries young Lady Carinna, Bidy is unwittingly swept up in a world of scheming, secrets, and lies. Forced to accompany her new mistress to Italy, she documents her adventures and culinary discoveries in an old household book of recipes, The Cook's Jewel. Bidy grows intrigued by her fellow travelers, but her secretive and unconventional mistress is the most intriguing of all. In London, Bidy finds herself attracted to her mistress's younger brother. In France, she discovers her mistress's dark secret. At last in Italy, Bidy becomes embroiled in a murderous conspiracy, knowing the secrets she holds could be a key to a better life, or her downfall. Inspired by eighteenth-century household books of recipes and set at the time of the invention of the first restaurants, An Appetite for Violets is a literary feast for lovers of historical fiction. Martine Bailey's novel opens a window into the fascinating lives of servants, while also delivering a suspenseful tale of obsession and betrayal.

In 1980, Ronald Reagan was elected President, and the conservative revolution emerged. Who provoked this revolution? Author Shadia Drury provides a fascinating answer to the question, as she looks at the work of Leo Strauss, a German Jewish emigre and scholar, who was one of the most influential individuals in the conservative movement. Among his disciples are Chief Justice Clarence Thomas and Speaker of the House Newt Gingrich.
