"The American Dream is the
fundamental story of this
country, and my life is a
grateful reflection of its
reality." When Rosario was
fourteen years old she moved
from Mexico to California
with no grasp of the English
language and few resources.
She has since become a
trailblazer in every sense:
from becoming the first in
her family to graduate from
college to having her

Two Worlds is the story of
this incredible journey.
Rosario exposes her most
personal secrets and
impressive achievements as
she divulges what she has
sacrificed and what she has
gained in politics. She
takes us through a deeply
felt betrayal, her struggle
through depression, the
creation of her family, her
devotion to advocating for
the rights of people with
disabilities, and her joyous
return to Mexico. Rosario's

understand the social and cultural aspects of medieval Christianity. James L.

Halverson organizes his selections around two central questions: what do we mean when we say that medieval Europe was a Christian culture, and what did it mean to be a Christian in the Middle Ages? He argues that the diversity of medieval society over time and space defies the simple answers given in textbooks and that students of medieval religion must have more exposure to issues such as class, gender, and literacy. This carefully selected and provocative collection of
