The prestigious author team understands the importance of thorough, modern concepts illustrated by rich, relevant and teachable cases. The new case selections emphasize variety, currency, and familiar company names. The cases are up-to-date in terms of both financial data and strategic issues. This group of cases gives both instructors and students unparalleled quality and variety. Based on consistent reviewer feedback, these selections combine comprehensive and shorter length cases about well known companies.

Thorough yet concise, ESSENTIALS OF STRATEGIC MANAGEMENT, Third Edition, is a brief version of the authors' market-leading text STRATEGIC MANAGEMENT: AN INTEGRATED APPROACH. Following the same framework as the larger book, ESSENTIALS helps students identify and focus on core concepts in the field in a more succinct, streamlined format. Based on real-world practices and current thinking, the text's presentation of strategic management features an increased emphasis on the business model concept as a way of framing the issues of competitive advantage. Cutting-edge research, new strategic management theory, and a hands-on approach allow students to explore major topics in management, including corporate performance, governance, strategic leadership, technology, and business ethics. In addition, a high-quality case program examines small, medium, and large companies--both domestic and international--so that students gain experience putting chapter concepts into real-world practice in a variety of scenarios. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

For courses in strategy and strategic management. Core strategic management concepts without the excess. Just the essentials, Strategic Management and Competitive Advantage strips out excess by only presenting material that answers the question: does this concept help students analyze real business situations? This carefully crafted approach provides students with all the tools necessary for strategic analysis. MyManagementLab for Strategic Management is a total learning package. MyManagementLab is an online homework, tutorial, and assessment program that truly engages students in learning. It helps students better

Strategic Management, 3e by Frank T. Rothaermel continues to synthesize and integrate theory, empirical research, and practical applications with current, real-world examples. This approach not only offers students a learning experience that uniquely combines rigor and relevance, but it also prepares them for the types of challenges they will face as managers in the globalized and turbulent business environment of the 21st century. Examples profile the products and services of companies that students are familiar with such as Facebook, Google, Starbucks, Apple and Uber. In its characteristic single, strong voice, Strategic Management provides students with the foundation they need to understand how companies gain and sustain competitive advantage, as well as how to become managers capable of making well-reasoned strategic decisions. OneBook...OneVoice...OneVision

Acclaimed and used in over 200 colleges and universities around the country, Total Quality Management: Text, Cases and Readings has been completely revised and expanded to meet the growing demands and awareness for quality products and services in the competing domestic and global marketplaces. Since the publication of the first and second editions of this book, interest in and acceptance of TQM has continued to accelerate around the world. This edition has been thoroughly revised, updated and expanded. Some of the changes are: A new chapter on the emerging Theory of Constraints Expanded treatment of Process Management Eleven new readings Ten new cases Chapter examples of TQM at 12 Baldrige winning organizations End of chapter recommendations for further reading Revised and updated textual material The Varifilm case is retained as a comprehensive study that illustrates good and not so good practices. Each chapter contains an exercise which provides the reader with an opportunity to apply TQM principles to the practices illustrated in each case. Based on sound principles, this practical book is an excellent text for organizational development programs aimed at practitioners responsible for developing and implementing TQM programs in their own service or manufacturing organizations.

A compact overview of the most relevant concepts and developments in International Management. The various strategy concepts of internationally active companies and their

implementation in practice are the core of this book. The authors describe the particularities of international value chain activities and management functions and offer a thorough understanding of how Production & Sourcing, Research & Development, Marketing, Human Resource Management and Controlling have to be designed in an international company and what models are available to understand those activities in an international context. In 23 lessons, a comprehensive overview of all key issues is given. Each lesson is accompanied by a case study from an international company to facilitate the understanding of all important factors involved in strategic international management. In this third edition, all chapters have been updated, all case studies revised, new chapters and recent data were integrated.
