When the Mazda MX-5 was launched in 1989, sports car enthusiasts gave thanks. Safety regulations had virtually killed off the traditional roadster in the early 1970s, and if you wanted the wind in your hair the choice seemed limited to a four-seater convertible that looked like a baby's buggy. Hopes were pinned on the launch of a new MG - but the MX-5 got there first. The car is a star. Here is the full story, from genesis and model evolution to ownership, with all the possibilities that offers.

This latest edition of Doing Business in South Africa is a uniquely authoritative source of economic data and business information. The guide reviews business conditions in the new South Africa, the changing local and provincial governments, the restructuring of competition policy and the exchange control outlook. It also discusses the potential opened up by privatization and the practicalities of entering into joint ventures.
