Wole Soyinka is a Nigerian playwright, poet and essayist born on 13 July 1934 in Abeokuta, Nigeria. In 1986, he became the first African to be awarded the Nobel Prize in Literature. Here are some of his most notable, must-read works.

The Nobel Laureate's reputation as a dramatist tends to cloud his poetic achievement, and in modern African literature, poetry lives in the shadow of fiction. The criticism of Soyinka's poetry has so far centred on his themes of individuality and death, his imagery, and on the controversy over his authenticity, obscurity and difficulty. Here, in a new approach, an academic himself and one of the leading younger generation of African poets, discusses critically the voice and viewpoint of the poet with the object of establishing Soyinka's persona. The book covers the personality and world view of the man, as revealed in his poetry.

By turns satirical and lyrical, this fourth collection of poetry, his first in ten years, spans the poet's recent experience of exile from Nigeria as well as the journeys that have followed his Nobel Prize for Literature award. Here are reflections on the deaths of politicians, dictators and dissident friends as well as invocations to fellow writers Ken Saro-Wiwa, Josef Brodsky and Chinua Achebe. In sections tellingly entitled 'Outsiders', 'Of Exits' or the poem sequence 'Twelve Canticles for the Zealot', Soyinka confronts political realities - religious fundamentalism, bigotry and the repression of free speech. Others such as 'Lost Poems', 'Doctored Vision' or 'Visiting Trees (Night Hunt)' are evidence of a more private, interior search.

The first Black winner of the Nobel Prize in Literature gives us a tour de force, his first novel in nearly half a century: a savagely satiric, gleefully irreverent, rollicking fictional meditation on how power and greed can corrupt the soul of a nation. In an imaginary Nigeria, a cunning entrepreneur is selling body parts stolen from Dr. Menka's hospital for use in ritualistic practices. Dr. Menka shares the grisly news with his oldest college friend, bon viveur, star engineer, and Yoruba royal, Duyole Pitan-Payne. The life of every party, Duyole is about to assume a prestigious post at the United Nations in New York, but it now seems that someone is determined that he not make it there. And neither Dr. Menka nor Duyole knows why, or how close the enemy is, or how powerful. Chronicles from the Land of the Happiest People on Earth is at once a literary hoot, a crafty whodunit, and a scathing indictment of political and social corruption. It is a stirring call to arms against the abuse of power from one of our fiercest political activists, who also happens to be a global literary giant.

The Nigerian Nobel laureate presents a collection of new poems in homage to South African leader Nelson Mandela, exonerating political corruption and moral flabbiness and meditating on the ambivalences and ambiguities of life and love

'Poetry, always foremost of the arts in traditional Africa, has continued to compete for primacy against the newer forms of prose fiction and theatre drama.' This wonderfully comprehensive anthology of African poetry has been expanded to include ninety-nine poets from twenty-seven countries, thirty-one of whom appear for the first time. Equally wide-ranging is the content of the poetry itself: war songs and political protests jostle with poems about human love, African nature and the surprises that life offers; all are represented in these rich and colourful pages.

This collection brings together *I,Idare and Other Poems* and *A Shuttle in the Crypt*, two powerful and distinctive volumes of the early poetry of Nobel Prize laureate and Nigerian exile Wole Soyinka. Taken as a whole, Soyinka's early poetry may be viewed as a valiant effort to reconcile the mysterious legacy of the old with the often harsh realities of an entire continent's abrupt entry into the twentieth century.

A collection of poems about human encounters and inhuman isolation, based on the African author's reflections on his imprisonment in Nigeria

The first African to receive the Nobel Prize in Literature, as well as a political activist of prodigious energies, Wole Soyinka now follows his modern classic *Aké: The Years of Childhood* with an equally important chronicle of his turbulent life as an adult in (and in exile from) his beloved, beleaguered homeland. In the tough, humane, and lyrical language that has typified his plays and novels, Soyinka captures the indomitable spirit of Nigeria itself by bringing to life the friends and family who bolstered and inspired him, and by describing the pioneering theater works that defied censure and tradition. *Soyinka* not only recounts his exile and the terrible reign of General Sani Abacha, but shares vivid memories and playful anecdotes—including his improbable friendship with a prominent Nigerian businessman and the time he smuggled a frozen wildcat into America so that his students could experience a proper Nigerian barbecue. More than a major figure in the world of literature, Wole Soyinka is a courageous voice for human rights, democracy, and freedom. *You Must Set Forth at Dawn* is an intimate chronicle of his thrilling public life, a meditation on justice and tyranny, and a mesmerizing testament to a ravaged yet hopeful land.

A member of the unique generation of African writers and intellectuals who came of age in the last days of colonialism, Wole Soyinka has witnessed the promise of independence and lived through postcolonial failure. He deeply comprehends the pressing problems of Africa, and, an irrepressible essayist and a staunch critic of the oppressive boot, he unhesitatingly speaks out.In this magnificent new work, Soyinka offers a wide-ranging inquiry into Africa's culture, religion, history, imagination, and identity. He seeks to understand how the continent's history is entwined with the histories of others, while exploring Africa's truest assets: "its humanity, the quality and valuation of its own existence, and modes of managing its environment—both physical and intangible (which includes the spiritual)."Fully grasping the extent of Africa's most challenging issues, Soyinka nevertheless refuses defeatism. With eloquence he analyzes problems ranging from the meaning of the past to the threat of theocracy. He asks hard questions about racial attitudes, inter-ethnic and religious violence, the viability of nations whose boundaries were laid out by outsiders, African identity on the continent and among displaced Africans, and more. Soyinka's exploration of Africa relocates the continent in the reader's imagination and maps a course toward an African future of peace and affirmation.

From the first Black winner of the Nobel Prize in Literature and one of our fiercest political activists—this political novel about the dangers of corruption, greed, and the desire for power is the follow-up to his acclaimed debut novel *The Interpreters*. An African nation's struggle for independence is interwoven with a tragic love story in this compelling novel. When Ofeyi, who writes advertising jingles for the Cocoa Corporation, is sent on a promotional tour of his unnamed country, he arrives at a coastal village whose remote location has long kept it insulated from the corrupt national government. Here Ofeyi discovers a traditional way of life that is still flourishing and he is inspired to spread its life-affirming values to his suffering country. But challenging the forces of greed and exploitation provokes a horrific response, and when Ofeyi's beloved wife goes missing, he must travel across a war-scarred landscape in search of her. Infusing the myth of Orpheus with his signature lyricism and moral profundity, Soyinka creates a dazzling story about the clash between idealism and reality.
