Daniel Katz (psychologist) - Wikipedia

Analyzes the essential problems of human organizations—the motivation to work, the resolution of conflict, the exercise of leadership, and the creation of organizational change. Examines the relations between organizations and their environments, the effect of organizational demands and opportunities on individual health, and the experimental development of organizational alternatives to ...

The Social Psychology of Organizations by Daniel Katz ...

Tribalism is the state of being organized by, or advocating for, tribes or tribal lifestyles. Human evolution has primarily occurred in small groups, as opposed to mass societies, and people naturally maintain a social network. In popular culture, tribalism may also refer to a way of thinking or behaving in which people are loyal to their social group above all else, or, derogatorily, a type of ...
