Created by Michael Hirst. With Jonathan Rhys Meyers, Henry Cavill, Anthony Brophy, James Frain. A dramatic series about the reign and marriages of King Henry VIII.

~~The Tudors (TV Series 2007–2010) – IMDb~~

THE TUDORS will present the rarely dramatized, tumultuous early years of King Henry VIII's nearly 40-year, omnipotent reign (1509-1547) of England. In addition to his famous female consorts and 20+ year marriage to Catherine of Aragon and the infamous dalliance with Anne Boleyn, the series delves into Henry's most notable political relationship and the deconstruction of the Roman Catholic ...

I find the Tudors endlessly fascinating and it's nice to see that I'm far from alone! My question regards Henry Brandon, the son of Mary Tudor Brandon. I just finished reading Maria Perry's biography of the Tudor sisters, and was surprised to see that she listed 2 sons with this name belonging to Mary.

The Tudors Season 3 2009 18+ Following the execution of Anne Boleyn, King Henry VIII remarries in hopes of having a son as challenges to his authority from both inside and outside the kingdom threaten his hold on England's throne.

~~Prime Video: The Tudors - Season 3~~

The Tudors are also important for their actions as much as their reputations. They ruled England during the era when Western Europe moved from the medieval to the early modern, and they instituted changes in government administration, the relationship between crown and people, the image of the monarchy and the way people worshiped.

~~The Tudors - The Tudor Dynasty of England~~

Based on Showtime's new hit series, The Tudors 2009 features images of Henry VIII and his circle as you've never seen them before--young, sexy, intriguing, romantic, and infinitely more complex than imagined.

David Loades provides a masterful overview of this formative period of British history. Exploring the reign of each monarch within the framework of the dynasty, he unpacks the key questions surrounding the monarchy; the relationship between church and the state, development of government, war and foreign policy, the question of Ireland and the issue of succession in Tudor politics. Loades considers the recent scholarship on the dynasty as a whole, paying particular attention to Henry VIII, Elizabeth I and Mary Tudor. He also considers how recent revisionist history asks new questions of their political and personal lives. This places our understanding of the dynasty as a whole in a new light.

With its mix of family drama, sex and violence, Britain's Tudor dynasty (1485-1603) has long excited the interest of filmmakers and moviegoers. Since the birth of movie-making technology, the lives and times of kings Henry VII, Henry VIII, and Edward VI and queens Mary I, Jane Grey and Elizabeth I have remained popular cinematic themes. From 1895's *The Execution of Mary Stuart* to 2011's *Anonymous*, this comprehensive filmography chronicles every known movie about the Tudor era, including feature films; made-for-television films, mini-series, and series; documentaries; animated films; and shorts. From royal biographies to period pieces to modern movies with flashbacks or time travel, this work reveals how these films both convey the attitudes of Tudor times and reflect the era in which they were made.

'Borman approaches her topic with huge enthusiasm and a keen eye for entertaining...this is a very human story of a remarkable family, full of vignettes that sit long in the mind.' Dan Jones, *The Sunday Times* 'Tracy Borman's eye for detail is impressive; the book is packed with fascinating courtly minutiae... this is a wonderful book.' *The Times* 'Borman is an authoritative and engaging writer, good at prising out those humanising details that make the past alive to us.' *The Observer* 'Fascinating, detailed account of the everyday reality of the royals... This is a book of rich scholarship.' *Daily Mail* 'Tracy Borman's passion for the Tudor period shines forth from the pages of this fascinatingly detailed book, which vividly illuminates what went on behind the scenes at the Tudor court.' Alison Weir 'I do not live in a corner. A thousand eyes see all I do.' Elizabeth I The Tudor monarchs were constantly surrounded by an army of attendants, courtiers and ministers. Even in their most private moments, they were accompanied by a servant specifically appointed for the task. A groom of the stool would stand patiently by as Henry VIII performed his daily purges, and when Elizabeth I retired for the evening, one of her female servants would sleep at the end of her bed. These attendants knew the truth behind the glamorous exterior. They saw the tears shed by Henry VII upon the death of his son Arthur. They knew the tragic secret behind 'Bloody' Mary's phantom pregnancies. And they saw the 'crooked carcass' beneath Elizabeth I's carefully applied makeup, gowns and accessories. It is the accounts of these eyewitnesses, as well as a rich array of other contemporary sources that historian Tracy Borman has examined more closely than ever before. With new insights and discoveries, and in the same way that she brilliantly illuminated the real Thomas Cromwell - *The Private Life of the Tudors* will reveal previously unexamined details about the characters we think we know so well.

In the ruthless arena of King Henry VIII's court, only one man dares to gamble his life to win the king's favor and ascend to the heights of political power England in the 1520s is a heartbeat from disaster. If the king dies without a male heir, the country could be destroyed by civil war. Henry VIII wants to annul his marriage of twenty years, and marry Anne Boleyn. The pope and most of Europe opposes him. The quest for the king's freedom destroys his adviser, the brilliant Cardinal Wolsey, and leaves a power vacuum. Into this impasse steps Thomas Cromwell. Cromwell is a wholly original man, a charmer and a bully, both idealist and opportunist, astute in reading people and a demon of energy: he is also a consummate politician, hardened by his personal losses, implacable in his ambition. But Henry is volatile: one day tender, one day murderous. Cromwell helps him break the opposition, but what will be the price of his triumph? In inimitable style, Hilary Mantel presents a picture of a half-made society on the cusp of change, where individuals fight or embrace their fate with passion and courage. With a vast array of characters, overflowing with incident, the novel re-creates an era when the personal and political are separated by a hairbreadth, where success brings unlimited power but a single failure means death.

Divorced, beheaded, died, Divorced, beheaded, survived. – the fates of Henry VIII 's wives Beginning with the victory of Henry Tudor over Richard III at Bosworth Field in 1485, and ending with the death of the childless Elizabeth I in 1603 following a 45-year reign, the Tudor dynasty marks a period in British history where England was transformed from a minor medieval kingdom to a preeminent European power on the verge of empire. Yet this period of great upheaval had a dark side: Henry VIII 's notorious break with the Roman Catholic Church and his divorce or execution of four of his six wives; the sad story of teenaged Lady Jane Grey, who was monarch for just nine days before being executed in favor of the Catholic Mary I; and Queen Elizabeth I, who defeated the Spanish Armada, suppressed the Irish rebellion, and sponsored pirates and slave traders in the quest for new territories in America. Illustrated with 180 photographs, paintings, and illustrations, *Dark History of the Tudors* is a fascinating, accessible account of the murder, adultery, and religious turmoil that characterized England 's most infamous royal dynasty.

The five Tudor monarchs – Henry VII, Henry VIII, Edward VI, Mary I and Elizabeth I – were some of the most influential rulers in British history. This volume explores all aspects of life in the Tudor age, from life at court (and at the grand country estates where Queen Elizabeth paused during her famous ' progresses ') to the day-to-day activities at the teeming taverns and plague-ridden cities of the Tudor kingdom. With chapters on the people, palaces and pastimes of the age, some amusing secrets of the Tudor medicine cabinet and closet, and stories from some of the most fabulous, eccentric and opulent entertainments of the age, it will delight anyone with an interest in Tudor history – or indeed, in British history as a whole.

The monarchs of the Tudor period are among some of the most well-known figures in British history. John Guy presents a compelling and fascinating exploration of the Tudors in the new edition of this *Very Short Introduction*. Looking at all aspects of the period, from beginning to end, he considers Tudor politics, religion, and economics, as well as issues relating to gender and minority rule, and the art, architecture, and social and material culture of the time. Introducing all of the key Tudor monarchs, Guy considers the impact the Tudor period had not only at the time, but also the historical legacy it left behind. ABOUT THE SERIES: The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Based on the author's earlier work *The Longman companion to the Tudor age*, published in 1995.

This book examines the role of historians, novelists, directors, and their audiences in shaping twenty-first century versions of Henry VIII. It shows how popular stories and histories

contribute to a change in how Henry VIII is seen and discusses the debates surrounding these changes.

A new series of bespoke, full-coverage resources developed for the AQA 2015 A/AS Level History. Written for the AQA A/AS Level History specifications for first teaching from 2015, this print Student Book covers The Tudors: England, 1485-1603 Breadth component. Completely matched to the new AQA specification, this full-colour Student Book provides valuable background information to contextualise the period of study.
