Absolute Beginners Guide To Wi Fi Wireless Networking

The title says what it is: An absolute beginner's guide. But I was disappointed, largely because other reviewers seemed to indicate this book goes deeper than it does. I bought it hoping it would really explain and cover things like assigning fixed IP addresses and resolving conflicts that result in messages like "invalid IP" and such.

Amazon.com: Customer reviews: Wireless Networking Absolute ...

• Keep neighbors and snoopers out of your network • Share the files you want to share—and keep everything else private • Automatically back up your data across the network • Print from anywhere in the house—or from anywhere on Earth • Extend your network to work reliably in larger homes or offices
