Design for the Real World: Human Ecology and Social Change ...

Design for the Real World is one of the world's most widely read books on design. In this book, Victor Papanek denounced marketing-driven design (e.g. obsolescence) and exposed a set of issues by irresponsible design - tawdry, frivolous, useless, unsafe, waste, pollution. In the 2nd half of the book, he claimed that design

Design for the Real World: Human Ecology and Social Change ...

Design for the Real Word takes an uncompromising look at the social and ecological repercussions of industrial design in the United States. In order to combat this destructive trend, author Victor Papanek offers fundamental insights into socially, morally and environmentally responsible design, as well as ideas for achieving those goals.

Design for the Real World by Victor Papanek

Christopher Hawthorne. , The Vienna-born designer Victor Papanek was in his early 40s and bouncing from one U.S. teaching job to the next when, in the mid-1960s, he began writing Design for the Real World: Human Ecology and Social Change. The book would not only become the best-known product of his long career, but also help lay the foundation for the green architecture and humanitarian design movements that emerged over the course of the next generation.
