Human and Economic Geography (Oxford In Asia College Texts) Paperback – August 26, 1982 by Goh Cheng Leong (Author)

Human and Economic Geography (Oxford in Asia College Texts ...

Human Geography. Geography studies the relationships between physical environments and human societies. Many of the most complex global challenges facing humanity – including migration, urbanisation, ageing, socio-economic inequality, and climate change – result from changing human-environment relations, but Geography is the only core academic discipline that treats them in an integrated, interdisciplinary way.
