Jcb Loadall Brake System

All JCB Loadall Series III telescopic handlers have twin-line hydraulic trailer brakes with seven-pin electrics and an electronic braking system (EBS) socket. Options, which may be territory dependent, now also include twin-line air trailer braking with seven-pin electrics and an anti-lock braking (ABS) socket, and a combination of twin-line air and single-line hydraulic braking for trailed equipment.

I'm about to replace the brakes this weekend on my 1984 3CX Sitemaster never done it before but I don't thing its rocket science. I have the plates and seals arriving from David @ digger parts but due to transport they cannot supply the oils, after much research and various conflicting information I'm told by my local JCB dealer that the brake fluid required is HP15 and the axle oil is HP32 ...
