(Don't Panic!) ... A 2.0
level ego network goes

one step farther,

finding out not just

which of ego's alters

are connected to each

other, but also

including a whole new

set of nodes that are

tied to ego's alters but

are not tied to ego

itself. These new nodes

are at a distance of two

ties away from ego.

By the end of this lecture, you should be able to identify all of the basic steps to investigate cases and trace their contacts. You should be able to provide examples of the kinds of questions that you might ask of cases and contacts during each step. ... In step 2, you want to inquire about their infectious period. So there are a few ...

14 • To get

acceleration: sum

forces and divide by

mass (D'Alembert's prin

ciple): $\sum \vec{F} = m \vec{a}$

• Forces add up

linearly as vectors. •

Important: when all are

represented in the

same axis system! •

The Free-Body Diagram

includes: • Object

shape: center of mass,

contact points.
