cost can be very expensive and cost to rebuild transmission can range from \$1,100 to \$3,200, based on your particular car model and where you're taking it to get fixed. Transmission rebuild cost is so high because it has several complex components, most of which are simply irreplaceable and can cause significant damage to your vehicle.

## Transmission Rebuild

A good estimate cost for a transmission rebuild at a shop is between \$1500 and \$3000 as of 2009.

Doing it yourself would likely be under \$500, considering that all you have to pay for are the parts, not the labor.

There are many variables. A rebuild is taking the transmission out of the car, opening up the case, and visually inspecting each part.
