### TOMOS A35 (DELLORTO) Carb Parts Diagram Ref -T7c

In the diagram attached, 35 is the fuel cock and 23 is the fuel pump. There are three hoses that attach to the carb! 08 zuma 50cc There is even a photo in a carb hose thread in scooter maintenance looks like. Two hoses that run from the carburetor - Is the upper hose cut and zip tied? Is that's the one that brings fuel to the carburetor?

### 50cc Scooter Carb Hose Diagram

Carburetor Size. Carburetor size, usually measured by the width of the venturi at its smallest point, has a significant effect on the power, fuel economy, and noise level of an engine. Most stock mopeds came equipped with anywhere from a 9mm to 15mm carburetor.

### Carburetor - Moped Wiki

Here's a QT50 carburetor that I labeled. This carb is actually a knock-off carb but is pretty much an exact reproduction of the stock carb. Some of the older stock carbs have the pilot air screw on the left side of the throttle stop screw. I'll take a picture of the innards one of these days and label those parts as well.
