Personal Finance For Dummies Cheat Sheet. By Eric Tyson. All too often, financial advice ignores the big picture and focuses narrowly on investing. Because money is not an end in itself but a part of your whole life, connecting your financial goals to the rest of your life is important. You need a broad understanding of personal finance to include all areas of your financial life: spending, taxes, saving and investing, insurance, and planning for major goals like education, buying a home ...

### Personal Finance For Dummies Cheat Sheet - dummies

At the very basic level of personal finance, you should understand the need for, and value of, a budget. A budget or spending plan is a road map for telling your money what to do each month. At its simplest, a budget lists how much income you have coming in compared to what's going out each month.

In most cases, the longer the loan's term, the lower the monthly payments and the higher the finance charges. For the sake of argument, say that the interest rate is the same for both the three-year and the five-year auto loans. The monthly payment for the five-year loan is \$406 compared to \$627 for a three-year auto loan.

Put simply, commodities are the raw materials humans use to create a livable world. Humans use energy to sustain themselves, metals to build weapons and tools, and agricultural products to feed themselves. These — energy, metals, and agricultural products — are the three classes of commodities, and they are the essential building blocks of the [...]
