### Some Assembly Required A Novel

Shubin gives us an insightful, fun, and authoritative look at the big story of life and its major transformations. In *Some Assembly Required*, one encounters curious scientists, surprising histories and a clear sense of the ways in which a diversity of scientific perspectives provides a richer view of life than could any one perspective on its own. This terrific book is new and exciting enough to engage a biology professor (Rob) and clear and engaging enough to fascinate a high school student ...

### Some Assembly Required: Decoding Four Billion Years of ...

*Some Assembly Required* had all the elements to be a great book. It wasn't. It is simply okay. The story itself is pretty good and the characters are very likable, but not quite believable. It seemed to me that the author couldn't make up her mind whether she was writing a chick lit book or a deep, psychological one.

### Some Assembly Required: A Novel: Bonasia, Lynn Kiele ...

*Some Assembly Required* is a true coming-of-age story about knocking down obstacles and embracing family, friendship, and first love. But more than that, it is a reminder that self-acceptance does not come ready-made with a manual and spare parts. Rather, some assembly is always required.

### Some Assembly Required | Book by Arin Andrews | Official ...

*Some Assembly Required* is a Trans Narrative. It encompasses all the aspects someone might expect if they are familiar with other trans books or if they have a passing awareness of trans people. These books have value, and I am hesitant to be critical of any trans books in the state of things—however, they may not have much to offer if one has already read another Trans Narrative book.

### Some Assembly Required: The Not-So-Secret Life of a ...

Neil Shubin's *Some Assembly Required* is not without its merits. It contains a readable and succinct primer on the progress, not of evolution, but more the gradual peeling back of layers of the complexity underlying evolution by scientists through the ages.

### Some Assembly Required: Decoding Four Billion Years of ...

About *Some Assembly Required* The author of the best-selling *Your Inner Fish* gives us a lively and accessible account of the great transformations in the history of life on Earth—a new view of the evolution of human and animal life that explains how the incredible diversity of life on our planet came to be.

### Some Assembly Required by Neil Shubin: 9781101871331 ...

"In *Some Assembly Required* Lynn Bonasia gives us an intriguing outsider's look at Cape Cod, jam-packed with 'trapezoidal,' as she puts it, or 'multi-sided, complex, slightly askew' characters, who will linger with you long after the book is closed."
