The Artisans And Guilds Of the role of the guilds. The development of artisan occupations in Europe was also linked to the survival of guilds. Historians have seen guilds as the typical organizations of the ancien régime because their function was to limit the production and regulation of each occupation. They also played an important role in urban politics and were associated with a specific morality and a code of honor.

Artisans Guild of America
The Artisans Guild has been a part of Norfolk since 1994 with only a three-year absence during that time. It opened in the old bank building for its first year but then moved in below the building next to Infinity Hall, where it remained for the next 12 years. The Guild then shut down for three years, opening only for two days in Decembers for ...

The Artisans Guild - Teaching Traditional Hand Skills in Ohio
Craft guilds, on the other hand, were occupational associations that usually comprised all the artisans and craftsmen in a particular branch of industry or commerce. There were, for instance, guilds of weavers, dyers, and fullers in the wool trade and of masons and architects in the building trade; and there were guilds of painters, metalsmiths, blacksmiths, bakers, butchers, leatherworkers, soapmakers, and so on.
