The GHOST J MAP

In the 1850s, London was the largest city in Europe, and one of the filthiest cities in the world. At a time when the majority of the world lived in rural communities, in London millions of people lived within a few miles of each other—and the city lacked a sanitation system that could deal with millions of people's garbage and waste.

LitCharts

The central historical event that The Ghost Map discusses is urbanization. In the 19th century, with the dawn of the Industrial Revolution, an increasingly large portion of the European population began living in large cities such as London.
