3.5/5 Stars The Wheel of Osheim is a great installment to say good bye to 'The Red Queen's War' trilogy. Like 'Prince of Fools', 'The Wheel of Osheim' brought my love for the series that were missing in the second book. 3 chapters in and it's better than the entire experience I had with 'The Liar's Key' already.

As a completely unnecessary introduction for those few, sad souls who are, inexplicably, reading this post and have not read any Mark Lawrence yet, the Wheel of Osheim is both a feature of the universe of the Broken Empire trilogy and its concurrent sister trilogy The Red Queen's War, as well as the title of the forthcoming third and
