It is in this sense that jazz improvisation is an "infinite art." The narrative of the book moves from the individual to the group and then to broader contexts of performance. It moves from an individual's initial contact with and inspiration by jazz, through the acquisition of skills, repertory development, aesthetic evaluation, and,

The second point that I took away is the idea of what actually is an infinite mindset? For me, I'm thinking about it in the way that it really gives us the broader context for all of the finite games that we have to play every day. My third takeaway was the idea of, we do a really great job of actually training employees for the first roles ...
